Art Week 4

Last week you had to create your own artwork, that was inspired by the painting or artwork by a famous artist that you copied onto paper.

You can spend this week continuing with this if you have not finished (I do not want you to feel anxious if you have not managed to complete this!)

If you have completed this, write about the following:
What you enjoyed most about creating your own artwork
What challenges were involved.
How did you overcome these challenges?
If you had to create a second artwork also, what would you have done?
