Art Week 3 Summer 3

Last week you had to draw your chosen artwork by your favourite artist. This week you get to create your own art!

You must create a piece of work that is INSPIRED by this artwork you drew last week. it must show that you have been influenced by this work in some way. This could mean that you are creating a piece that is similar in subject matter OR medium and technique OR even style! You could even re-create part of the actual artwork exactly as it is - making a little bit of it your own flavor! You could create a 3D piece in response to a 2D painting or drawing (if your chosen piece was 2D).

Have fun!

Please email your teachers a photo of your final piece if you are not attending school directly.
