Phonics - Twinkl is free at the moment so please choose phase 1 activities to complete everyday.
https://www.twinkl.co.uk

Play ‘I spy’ everyday, but choose a different sound each day. Can your child hear the initial sounds in words?
Please see the “I Spy” game attached.

If you’re in Samina’s Blue group, please practise the sounds on the phase 2 sound mat below and complete a phoneme activity everyday.
Monday  https://www.youtube.com/watch?v=oHe1GoxTyEl&t=2s

1. Watch the video and repeat the sound.
2. Practice writing the sound in your neatest handwriting.
3. Look at these pictures and write the words – they all contain the sound.
   Don’t forget to use your Phonics Fist first to help you!

Mathematical Development

**Everyday**... practise number formation for numbers 0-10
Orally, count forwards as far as you can go.
Can you count backwards from 10? 20?
Start counting from a different number, for example, start to count from 3 instead of 1. And then on...

**Monday**

Numbers are all around us. How many different places can you see the number 9 around your home?
Draw some of things that have a number 9 on them.

Tell an adult in your home 5 things you know about the number 9.

*Example:*
I know that $9 = 3+3+3$ or $3 	imes 3$

Can they think of any different facts about 9?

Choose another to find around your house or on your daily walk.

**Tuesday**

For this activity you will need to create a blindfold and will need a space you can move around in.

This activity will involve you guiding an adult around by directing them from point A to point B (you both need to decide what point A and B will be), make it easy for your first go.

Let an adult in your home wear the blindfold. Try to guide them safely from point A to point B using words like:
- forward 5 steps
- turn left
- stop
- right turn
Wednesday

Learning at Home Maths

☆ Choose 8 of your favourite toys.

☆ Which toy is the biggest? How long or wide do you think it is in centimetres? Can you measure it?

☆ Compare each toy and put them into size order.

☆ Is the biggest toy also the heaviest toy? How could you find this out?

Thursday

Learning at Home Maths

☆ Can you draw a picture of your home using only 2D shapes?

☆ How many different shapes have you used to create your picture? Which shape did you use the most?

☆ Count how many oblongs you used to create your picture.

☆ Create a chart and record how many of each 2D shape you used.
Friday

Learning at Home Maths

★ Choose 8 of your favourite toys.

★ Which toy do you think is the heaviest? How heavy do you think it is? Can you weigh it to find out?

★ Compare each toy and put them into order of weight from heaviest to lightest.

★ Is the heaviest toy also the biggest toy? How could you find this out?

Have fun making the following......

How to make your own safe slime!
what do I need?

- 30g chia seeds
- 400ml water
- Different food colouring
- Good corn starch

How is it done?

1. Mix the chia seeds, water and food colouring together.
2. Cover the bowl with clingfilm and refrigerate overnight.
3. Uncover and add the corn starch a little at a time.
4. Mix the mixture until the slime feels slimy but can easily be taken off your hands.
5. Store the slime in your fridge when not using.
6. Add a drop of water each time you use it.

How to make your own fizzy blocks!
what do I need?

- 125g baking soda
- 1 tablespoon of clear gelatin
- Cool water
- Vinegar
- Different food colouring
- Ice cube tray

How is it done?

1. Mix together the baking soda with gelatin.
2. Add a few drops of food colouring to your water and then pour into the baking soda mix and mix well.
3. Separate the mixture evenly in your ice cube tray.
4. Place in the freezer over night.
5. Remove the cubes from the tray and place them in a new tray such as a baking tray.
6. Pour your vinegar over the cubes to watch them fizz!
