Look at the cars and road surfaces below:

1) Tarmac
   ![Car on Tarmac](image)
   This car travelled 27cm

2) Grass
   ![Car on Grass](image)
   This car travelled 22cm

3) Ice
   ![Car on Ice](image)
   This car travelled 52cm

4) Sandpaper
   ![Car on Sandpaper](image)
   This car travelled 28cm

Put the different surfaces in order, starting with the surface with the most friction:

1) __________________
2) __________________
3) __________________
4) __________________
